Registration Number, if applicable(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply.)

After receipt of the Notice of Allowance (Mailed 9/23/2004, Stamped Received 10/3/2004) and Draftsman's Rejection of the drawings, we contacted the inventor (10/12/2004) who although ill was able to send the issue and publication fee, which we promptly paid (check 0145, Dated 12/17/2004). However, the inventor's illness became worse before resolution of the issue of corrected drawings. Subsequently, while the inventor was ill there was an office action (Mailed 12/8/2004, Stamped Received 12/16/2004) considering an IDS which was filed with the original application. After the receipt of the office action, we expected a new notice of allowance to be issued, permitting a new time period for submitting the corrected drawings, which had become late due to the illness of the inventor.

(Please attach additional sheets if additional space is needed.)
